

ACCREDITATION

GRAY DI™

PES

Quickly meet federal, state, and accretor reporting requirements

PROGRAM REVIEW

PES equips institutions with the tools and data necessary to conduct thorough program reviews, ensuring quality and adherence to accreditation criteria.

SAVE TIME

By streamlining data collection and management, PES saves valuable time, allowing institutions to focus on strategic initiatives while ensuring compliance with accreditation standards.

EASILY TRACK DECISION PROGRESS AND RESULTS

Monitor your accreditation progress transparently with PES. Our Management Dashboard provides real-time compliance insights and documents actions to meet accreditation standards effectively.

PROVIDES DATA FOR SUBSTANTIVE CHANGE REQUESTS

Easily justify program expansions or changes with PES Markets. Get access to detailed data on student demand, employer needs, and competition, helping you effectively set your programs apart.

IDENTIFY NONCOMPLIANT REVIEW PROCESS

PES allows schools to quickly develop a new program review process and identify gaps in data collection to ensure programs meet compliance.

QUICKLY IDENTIFY COMPETITION

Identify peer institutions and benchmark against them effectively, providing accreditors with compelling evidence of your institution's competitive positioning.

ENABLE AND DOCUMENT DATA-INFORMED DECISIONS

Accreditors now want evidence that higher education institutions are making data-informed decisions, including program decisions. PES software provides the data for program decisions and supports the processes that ensure the data is used to make those decisions.

LINK INTERNAL AND EXTERNAL DATA

PES connects internal academic and financial data with external market insights. Our Academic Management Dashboard offers a unified platform for comprehensive program evaluation.
